

Supplemental Information,

File No. M1977-376

Canon Dolomite Quarry

2018 Annual Report

- (Question 14) We have a weed control program. No noxious weeds were identified for weed control this year.
- (Question 15) Crusher fines are to be used as a plant growth media. No topsoil was saved when the Quarry was opened.
- It is not known if fertilizer or mulch was applied on the pre-law area which was seeded.
- (Questions 6 and 7) The present use of the Quarry is for landscape rock as approved in previous permit revisions. It is very low use and may occur at any time during the Spring through Fall landscape season.
- (Question 16) There are no topsoil stockpiles on site. Therefore, there are no topsoil stockpiles to seed.
