To: "Ebert - DNR, Jared" <jared.ebert@state.co.us>

Jared,

I would like to formally ask for another 90-days to complete the Debetz Pit project as this will help keep costs down when bidding the project and will also allow us to mitigate impacts to the golf course during construction. We will have the embankments repaired by the end of Feb and will re-seed the impacted areas in late Feb. - early March of 2019 depending on weather and soil conditions.

Kurt Carlson, MAS
