Mr. Robinson:

On September 24, 2018, the Division of Reclamation, Mining and Safety (Division) filed for review your 112c Reclamation Permit Amendment Application for the Robinson Sons Gravel Pit No. 1, which is located in Las Animas County. All comment and review periods began on September 24, 2018. The decision date for your application is scheduled for December 24, 2018.

Within ten (10) days of filing, you must publish notice in a newspaper of general circulation in the locality of the proposed mining operation once a week for four (4) consecutive weeks. Immediately after the first publication, mail a copy of the notice to all owners of record of surface and mineral rights, holders of any recorded easements, and all owners of record of lands that are within 200 feet of the boundary of the affected land. Proof of notice and mailings, such as Certified Mail - Return Receipt Requested, must be submitted to the Division prior to the decision date. Additionally, any changes or additions to the application on file in our office must also be reflected in the public review copy which has been placed with the Las Animas County Clerk and Recorder.

The Division is reviewing your application to determine whether it is adequate to meet the requirements of the Act and Rules. We will contact you if additional information is needed.

Please be reminded that all operators must contact the Colorado Department of Public Health, Safety, and Environment, Water Quality Control Division regarding storm water permits.
