Response to Consideration of 111 Construction Materials Reclamation Permit Application

DATE: October 16, 2018
TO: Jared Ebert, Environmental Protection Specialist (jared.ebert@state.co.us)
CC: Division 1 Office, District 64 Water Commissioner
FROM: Sarah Brucker, P.E. 
RE: Goddard Pit #1, File No. M-2018-050
Applicant/Operator: Town of Julesburg, Allen Coyne, Town Manager, (970) 474-3344
SW¼ NE¼ Section 4, Twp 11 North, Rng 44 West, 6th P.M., Sedgwick County

CONDITIONS FOR APPROVAL

- ☒ The proposed operation does not anticipate exposing groundwater. Therefore, exposure of ground water must not occur during or after mining operations.
 - ☒ If stormwater runoff is intercepted by this operation and is not diverted or captured in priority, it must be released to the stream system within 72 hours; otherwise the operator will need to make replacements for evaporation.
-

COMMENTS: The subject application is for a surface mining operation on 9.9 permitted acres located just south of the Town of Julesburg, Colorado. The primary commodities to be mined at the site are gravel, clay, and sand. The site is proposed to be reclaimed to its current use of pastureland upon completion of mining.

The site is proposed to be mined to a maximum depth of approximately 20 feet. The mine floor will remain well above the water table, which is estimated at over 50 feet deep. No water is anticipated to be used in conjunction with the mining operation.

The applicant may contact the State Engineer's Office with any questions.
