From October 27, 2017 thru October 26, 2018 approximately 7,696 tons of decomposed red granite were removed from this pit for use on county roads. 336 tons of pit run were removed from this pit for use on county roads.

No reclamation has taken place at this pit and no new reclamation is planned for the 2018/2019 anniversary year. New disturbances in this pit will be ongoing through the end of this year and into next year at various times without any particular schedule.
