Thank you!

I was able to track down the person in our office that typically receives these, she is out of state right now but I sent her a message it was coming and then FWD your email to her directly. I will let you know when I get a response, or due to time, she may reach out to you directly.

Thank you,

Nikki

Attached is the notice to the Board of Supervisors for the local dist office. As I understand, the mine site in question does not have a district office. I was told to send to the State Office and you all would handle. The last page of the document is the proof of notice to your offices. Please sign and date and email back to me as soon as possible.

Thanks and let me know if you have any questions, emailed or phone number 303-854-7499.
