Amy,

Attached is an updated page 1 of the M-2008-0798 West Farm Pit Amendment Application that shows the correct original and increased permit areas. These areas match the areas shown in Exhibit A and all other areas of the application. Updated Exhibit C and Exhibit F Maps are attached with the total permit area and mined area shown as well.

Also attached are signed certified mail return receipts for the notifications sent to the County Commissioners and Prowers Conservation District, and the copy of the amendment application filed with the Prowers County Clerk and Recorder for public view.

All the attached files are also located in the West Farm Pit Amendment drop box folder at the following link:

https://www.dropbox.com/sh/p9r93z0k8hp4may/AADRqJv-Yge58mw_5r6lcs6pa?dl=0

Let me know if you need anything else in order to deem the application complete.

Regards,

Todd Yee

Subject: West Farm Pit, AM-01 Incompleteness Notice

Karl and J.C.,

I finished the completeness review of the amendment application submitted for West Farm Pit. There is only one item that needs to be addressed before we can call the application complete for filing purposes (see attached letter).

Please make sure the proposed permit area is consistent throughout the application, including on the mining plan and reclamation plan maps. From what I could tell so far, only page 1 has the lower permit acreage amount.

Feel free to contact me with any questions.

Thanks,

Amy Eschberger
