**Re: Corrective Action Deadline Extension Request - Approved
Rock-N-Pine, Permit File No. M-2003-074**

Dear Mr. Balderson,

On November 19, 2018, the Division of Reclamation, Mining and Safety (Division) received your request to extend the deadline of a corrective action identified in the September 5, 2018 inspection report of the Rock-N-Pine operation. The corrective action is associated with the cited Compliance Problem regarding a fuel/oil spill, which requires the Operator to remediate the spill and submit a final report to the Division before the corrective action deadline.

The Division has approved this request and the new deadline to complete the corrective action is **December 19, 2018**. Please submit proof that the corrective action has been completed on or before the deadline.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8132**, or by email at elliott.russell@state.co.us.

Sincerely,

Elliott R. Russell
Environmental Protection Specialist
