RE: Annual Report M-1978-071

To Whom It May Concern:

The following annual report for M-1978-071, Del Norte Pit, includes new disturbances in the amount of approximately 2.53 acres for the past year. The footprint has changed slightly from last year and is denoted on the attached map. Activities this past year included screening and consolidation of material piles inside the pit as well as general housekeeping of the area. We continue to have this pit inspected and sprayed for noxious weeds by the local weed district.
