Hi Tara,

The extension can be done via e-mail.

Thanks,

Jared

Jared,

Thank you so much for the quick reply. We are in agreement that an extension will be needed to adequately address your comments and to give you time to review our responses.

Builders aggregate would like to respectfully request an extension to properly address the comments. Can the extension request be completed by email or is a letter required?

Thanks Jared

Hi Tara,

I have reviewed the responses to the first adequacy review letter. There are several issues that will need to be addressed. Please see the attached response letter and reclamation cost estimate. The decision date is this Sunday, I do not think these issues are substantial but we will likely need to

extend the decision date to give you guys time to respond and for me to review that response. Please let me know if you have any questions.

Thanks,

Jared

Hi Jared,

I am working with Jim Miner on his technical revision for Builder's Aggregate. I prepared the pre-mining and reclamation maps. Can you please take a look at this submittal and let us know if you have any questions or suggested revisions. We are happy to accommodate however necessary.

Please let me know that you received this ok!

Thanks so much!

Happy Thanksgiving!
