RE: Reclamation Permit Application; Ten Percenter (CMC254209; CO DRMS Permit ID No. M-2018-036, USFS File Code 2810-021210 MPO-2018-004)

Dear Mr. Russell;

This letter is in request of 90-day extension to the comment and review period for our 110(2) Reclamation Permit application, M-2018-036. The recent, second adequacy review and resulting letter of inadequacy dated 12 October 2018, a hard copy that has yet to be delivered, has prompted this request due to the very short time allowed to answer the adequacy concerns and redraft most of the maps.

Please let me know as soon as is convenient for you, what else must be done to ensure that our application is not rendered useless so that we might not incur another \$1,000 application fee or endure additional delays beyond this extension.

Sincerely,

Charles Sulfrian
President

Ec: A. Titterington, USFS
