Re: Permit No. M-1980-244: Cripple Creek & Victor Gold Mine: Cresson Project –  
Permittee Point of Contact Change

Dear Mr. Cazier:

Newmont's Cripple Creek and Victor Gold Mine (CC&V) hereby officially requests that the Division of Reclamation, Mining and Safety recognize Justin Raglin, CC&V Senior Environmental Manager, as the Permitting Point of Contact for the site to replace Margaret (Meg) Burt. This request allows authorized personnel to obtain Notice of Intents, as well as all files for CC&V matters including P-1999-015.

Also attached are corrections and additions on the form you provided for the annual report.

Thank you for ensuring that we all have the correct information on file. Should you require further information, please contact me at 719-689-4059, [Mike.Schaffner@Newmont.com](mailto:Mike.Schaffner@Newmont.com)

Sincerely,

A handwritten signature in blue ink, appearing to read "MS", is placed above the typed name.
