Ms. Sprague:

On November 30, 2018, the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on November 20, 2018, addressing the following:

Revise reclamation plan to allow Quarry 3 to remain as-is for residential use, including leaving a section of steep highwall as an amphitheater and not revegetating the quarry per the landowner's request.

The terms of the Technical Revision No. 1 approved by the Division are hereby incorporated into Permit No. M-1981-057. All other conditions and requirements of Permit No. M-1981-057 remain in full force and effect.
