**Re: Dawson Gold Project, DRMS NOI File No. P-2013-002;
Notice of Receipt of NOI Modification, Revision No. MD-4**

Dear Mr. Felderhol:

On November 27, 2018 the Division of Reclamation, Mining and (Division) received your application to modify (MD-04) your Notice of Intent to Conduct Prospecting Operations (NOI) Modification and the appropriate application fee, addressing the following:

Add 2,000 feet of exploration roads.

The NOI modification review period began on December 6, 2018, when the Division received notice (via email) from the appropriate federal land management agency (BLM), pursuant to Rule 5.1.3(a) that they have been noticed of the proposed activities.

The Division posted the non-confidential form (Form 2) on the Office website on November 28, 2018 in accordance with the requirements of Rule 5.1.3. Any public comment or request for disclosure of information designated as confidential regarding the NOI must be received by the Office no later than ten (10) working days after the notice was posted on the Office website (December 12, 2018).

The Division will begin its review of the NOI and will contact you within twenty (20) working days (January 7, 2019) of the date the review period began. The forthcoming letter will describe deficiencies or if the review indicates the proposed operations are considered to be mining, rather than prospecting.

If you have any questions, please contact me (303-866-3567 ext. 8169).

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
