Thanks for clarifying. As a Google Earth map was submitted, could we get Google Earth compatible coordinates? It'll make release inspections easier.

Thanks

Happy New Year to you as well Angela.

The coordinate system is Colorado State Plane (NAD 83). These are the ddh coordinates provided to Zephyr by Edward-James Surveying, Inc of Pueblo, CO.

File attached.

Hi Mark

Happy New Year.

Can you help me answer Tim please?

Angela Bellantoni

Hi Angela,

Just back in the office and going through these. What coordinate system is being used? Its definitely not UTM or Longitude/Latitude as suggested on the forms.
