Mr. Cazier,

It appears that the proposed Sentinel Roads as noted in the application for the modification to NOI P-2013-002 will intersect with an existing non-motorized recreational trail at two locations. The potentially impacted trail is the Hot Shots trail within the Section 13/South Canon trail system. As an avid user of this particular trail, I would like to request that as a condition of approval for the amendment to NOI P-2013-002, the proposed Sentinel Roads be limited such that they remain a minimum of 200 feet from the existing trail.

Thanks for your consideration,

Brian LeDoux
