To whom it may concern:

I am in the process of filing the paper work for intermittent operation. We are still continuing to use the pit, but at a slower rate. This is due to the fact we are not building many lease roads for gas fields. We are still doing maintenance and therefore are not in the pit quite as much as before. I have been in contact with Eric Scott via email with my questions and seeking his advice. I plan to have this done by the end of February.

Thank you

A handwritten signature in black ink that reads "Michelle Sandquist". The signature is written in a cursive, flowing style.
