Hey Ralph,

The Division received your adequacy review responses yesterday. Are you able to email me an updated copy of the Soil Report Map which shows the approximate proposed permit boundary? I understand you probably cannot add the permit boundary formally through the Web Soil Survey website, however, most of my applicants have overlayed their permit boundaries using a separate program or even drew them by hand.

Once received, it'll wrap up Adequacy Item #2 and I can move forward with approval.

Thanks,

Elliott Russell

Hello Ralph,

Please see the attached adequacy review letter for the Strode Pit 111 application (M-2019-002). A hard copy of this letter has been mailed to you for your records. I have also attached the completeness letter which went out yesterday.

Please let me know if you have any questions.

Thanks,
