Rob,

I would like to know your preference for TR20 and what is left to do?

Nick will be getting in touch with you concerning RN07.

Just so you know, I will be out of the office rest of the week. Water recertification is this week in Alamosa. I may be in Friday, but not determined yet; however, I will be answering emails.

Thanks,

Louis

Hi Louis. Regarding TR20, if your folks have not addressed the adequacy items, please request an extension. If you need more than another month to address the adequacy items, you should withdraw the application.

Talk to you later if you need to discuss this more.

Rob.
