Jared,

I am requesting a 30 day extension for compliance with the corrective actions for Brownwood Pit M-1979-059, Gardels Pit M-2005-033 and Kirtright Pit M-1986-123.

I expect to have the augmentation plan complete by Feb 8, 2019. Our water court attorney will subsequently review and prepare the filing with water court.

In the interim, I will commit to making sure the temporary substitute water supply plans for each pit are up to date with the Office of the State Engineer and that each plan includes a commitment to long term augmentation.

Thank You

Peter Wayland
