Re: Lorencito Canyon Mine, second adequacy letter for TR-20

Dear Mr. Head:

On February 12, 2019, I received the NECC response to the Division's adequacy review (our review was dated May 23, 2018). Thanks to you, your staff, and your consultant for your attention to this matter.

You have addressed all of our concerns, however the revised pages require pagination. Please send the document to me with this edit.

Sincerely,

Robert D. Zuber, P.E.
Environmental Protection Specialist II
