To: "Eschberger - DNR, Amy" <amy.eschberger@state.co.us>

Amy thank you for this. I have updated my contact info and it can be used for all the sites listed. I also added "Attn natural Areas Dept." to our address as all of our mail is sorted through a city wide mail system.

I think we would like to consider applying for an acreage reduction at Rigden and possibly a TR for the batch plant. Can you point me to the forms I need to fill out and what steps I need to follow should we decide to move forward with the change?

Thanks!

Justin

Subject: Change of Contact Form

Hi Justin,

I just wanted to let you know that Daylan Figgs is the current Permittee/Operator, Permitting, and Inspection contact for East Rigden and Port of Entry.

For Resource Recovery Farm, Daylan Figgs is the Permittee/Operator contact, and Mark Sears is listed as the other two contacts.

For Shields at Fossil Creek, Daylan Figgs is the Permittee/Operator contact, and no contact is given for the other two (weird!).

Looks like the address we have in the system for all permits is P.O. Box 580, Fort Collins, CO 80522. I'm assuming your address hasn't changed, so you guys should receive all correspondence from us - just addressed to the wrong contact. However, with the three releases underway, you might want to go ahead and submit the change of contact form so the official letters are addressed appropriately.

I'm attaching the contact sheet you can submit to us to get this done. You can just email it to me and I'll make sure it's forwarded to the person that can do the changes.

Thanks,

Amy Eschberger
