**RE: Virginia Acres, Permit No. M-1990-021, Technical Revision (TR-5 ) Approval**

Dear Mr. Burkey:

On February 26, 2019 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision request (TR-5) submitted on February 4, 2019, addressing the following:

*Revise reclamation plan-change seed mix, broadcast application, no mulching, tilling before and after seeding for the remaining 3.37 acres*

The terms of the TR-5 approved by the Division are hereby incorporated into Permit No. M-1990-021. All other conditions and requirements of the permit remain in full force and effect.

The Division estimates the new reclamation liability to be less than the currently held Financial Warranty. Due to notice requirements a surety reduction cannot be done under a technical revision. If you would like to reduce your required bond amount please request a Surety Reduction (form enclosed).

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
