**RE: Virginia Acres, Permit No. M-1990-021, Inspection Problem Abated**

Dear Mr. Burkey:

On November 16, 2017 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Reclamation success was cited as a problem for having a reclamation plan that needed to be updated/clarified. Corrective actions required you to submit a technical revision to revise your reclamation plan by the corrective action date.

On February 26, 2019 the Division approved TR-5 revising the reclamation plan for the remaining 3.37 acres. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
