Dear Mrs. Eschberger,

Please see the attached document for notification of Water Quality Parameter exceedances for groundwater and surface water samples collected in Q1, 2019.

If you have any questions please reach out to me via phone at 719.689.4019 or email.

Best Regards,

Ron

**Re: Permit No. M-1980-244; Cripple Creek & Victor Gold Mining Company ("CC&V"); Cresson Project
– Notification of Water Quality Analysis Parameter Exceedances March 25, 2019**

Dear Mrs. Eschberger:

In accordance with Rule 9, Section 3.1.7 of the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for Hard Rock, Metal, and Designated Mining Operations (Rules), the Cripple Creek and Victor Gold Mining Company (CC&V) hereby provides the Division of Reclamation, Mining and Safety (Division) with a formal notification of water quality parameter exceedances.

CC&V collected first quarter compliance groundwater samples from monitoring well GVMW-22A on March 6, 2019. CC&V received the lab report for these analyses on March 22, 2019, and upon review, determined that GVMW-22A exceeded established numeric protection limits for fluoride. The table below lists the exceedance for the location and the associated parameter and the attached graph demonstrates the parameter trend from Q2 2017 to present.

Location	Sample Date	Parameter	Value (mg/L)	NPL (mg/L)	Table Standard (mg/L)
GVMW-22A	3/6/2019	Fluoride	2.05	2	2

Should you require further information please do not hesitate to contact Ronald Parratt at 719.689.4019 or ronald.parratt@newmont.com or myself at 719.689.4042 or justin.raglin@newmont.com.

Sincerely,

Justin Raglin
