Re: Technical Revision Approval, Revision No. TR-10, Fairplay Au Pit, Permit No. M-1991-037

Dear Mr. Baller:

On April 12, 2019 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on March 19, 2019, addressing the following:

Relocation of the Platte City River Placer Ditch to facilitate contiguous mining.

The terms of the TR-10 approved by the Division are hereby incorporated into Permit No. M-1991-037. All other conditions and requirements of Permit No. M-1991-037 remain in full force and effect.

The Division has reviewed the change associated with TR-10 for impacts to the financial warranty and has determined that this change does not require an increase to the current reclamation liability.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8132**, or by email at elliott.russell@state.co.us.
