RE: McCumber M2000-151 Temporary Cessation Request

Mr. Cazier,

Fremont Paving and Redi Mix, Inc. would like to request a second Temporary Cessation for the McCumber Pit in Fremont County.

The existing financial warranty of \$64,540 is still adequate to cover the reclamation costs at the site. There has been no additional mining the past 5 years. Fremont Paving and Redi Mix does not currently see a market demand for the product from this pit currently. However, as the market demand changes, Fremont Paving and Redi Mix is committed to continued mining at the site as conditions warrant. We anticipate with the economy shifting to a more favorable state, the market demand may begin to grow, allowing us to continue mining in the future.

If additional information is necessary to complete this request, please feel free to contact me directly.

Sincerely,

Jodi Schreiber
Chief of Operations
