**RE: North River Gravel Pit Expansion, Permit No. M-1999-007, Inspection Report Problem, Corrective Action 60-Day Extension Request Approval**

Dear Mr. Weldon:

On April 23, 2019 the Division of Reclamation Mining and Safety (Division) received your request to extend the corrective action due date. These corrective action(s) were the result of an inspection of above mentioned site on April 17, 2018. You have stated that additional time is needed for the consultant to finish the conversion application package. The Division is approving the 60-day extension request.

To avoid potential future enforcement actions for non-compliance with State Statutes, Rules and Regulations, and/or conditions specified in your permit for this site, you must submit corrective action documentation by **Monday, June 17, 2019**.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
