**Re: Patton Clay Mine, Permit No. M-1998-067;  
Technical Revision Approval, Revision No. TR-1**

Dear Mr. Welte:

On May 3, 2019 the Division of Reclamation, Mining and Safety (DRMS) approved the Technical Revision application submitted to the Division on April 16, 2019, addressing the following:

*Weed Control Plan and Area F Boundary Marker Locations*

The terms of the Technical Revision No. 1 approved by the Division are hereby incorporated into Permit No. M-1998-067. All other conditions and requirements of Permit No. M-1998-067 remain in full force and effect. The DRMS determined this revision has no impact on the financial warranty, which remains at \$29,500.

If you have any questions, please contact me (303-866-3567 ext. 8169).

Sincerely,

Timothy A. Cazier, P.E.  
Environmental Protection Specialist
