Please extend Permit renewals for Terror Creek and Elk Creek Mines to August 1, 2019. While necessary documents are being prepared.

Thank you,

[external email-use caution]

Doug,

Currently there is no permit for Terror Creek or Elk Creek - all the time the Renewals are in progress the permits are administratively extended, but if we go past the decision due date on one of those permitting actions without extending it then we're in a bad situation. Please would you request an extension for both of those renewals so that we can make the documentary record complete?

Thanks,

Doug,

The decision due dates for the renewals at both Elk Creek and Terror Creek are today, would you request an extension for them both?
