**Re: Holcim (US) Inc. – Boettcher Limestone Quarry
Technical Revision No. 10, Adequacy Review Extension
Request**

Ms. Eschberger,

Due to the extensive nature of the Division's comments and potential concerns, Holcim is formally submitting this request for an additional **two-month** extension on responding to the Adequacy Review.

Holcim and our consultants a Golder Associates have been working diligently to summarize and develop an approach to address the Division's questions/concerns. However, there are a few items that have been more time-consuming than previously anticipated, so additional time is necessary in order to ensure that a thorough response is provided. Also, we will be reaching out to the Division to discuss several of the open questions in the Adequacy Review (request to be submitted under separate cover).

Please contact me at 719.288.1423 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink that reads 'Derrick Dease'.

Derrick Dease
Environmental Manager
Holcim – Portland Plant
