Re: San Luis Project, Permit No. M-1988-112 Technical Revision Application TR-35

Dear Mr. Madrid

On May 23, 2019, the Division received your Technical Revision application **TR-35** for the San Luis Project Permit No. **M-1988-112**, which is located in Costilla County. The revision requested addresses the following items:

- Discontinue sampling of M-4R and M-15, and decommission well M-15

Preliminary review of the information received determined that the required fee of \$1,006.00 was not included with the revision therefore cannot be considered complete and filed. Please submit the fee with a cover letter detailing that it is to be applied to Technical Revision 35. Once the fee is received your revision will be considered filed and the technical review can begin.

Please submit the requested information within 30 days of the date of this letter, to the Division's Denver Office. If it is not received by Monday June 24, 2019 your Technical Revision application will be denied and need to be re-submitted. If you have any questions, comments or concerns please feel free to contact me at the Division's Grand Junction Field Office, by phone at 303-866-38567 Ext. 8187 or by email at lucas.west@state.co.us.
