RE: King Coal Mine (Permit C-1981-035), second review of the 2018 ARR.

Dear Mr. Bird:

I reviewed your response to my review of the King Coal Mine 2018 Annual Reclamation Report (cover letter dated June 4, 2019). I have no more comments. GCC addressed the two comments in my June 3rd letter.

Thanks for your prompt response. I appreciate it.

Sincerely,

Robert Zuber, P.E.
Environmental Protection Specialist II
