Cc: Ben Frei <BFrei@albertfreiansons.com>, "Thomas E. Merrigan" <tem@bhgrlaw.com>, "jared.ebert@state.co.us" <jared.ebert@state.co.us>, Environment-Inc <Environment-inc@outdrs.net>

Gary,

The below activity occurred some time last night or today.

This activity is absolutely inappropriate, inconsiderate, and Frankly disrespectful. We are trying to bring closure to this site and comply with our reclamation responsibilities. This slope was prepared for seeding and you or your tenants are destroying the seed bed we are trying to prepare.

Can you meet out at the site tomorrow at 10AM?

---

Jared,

This is a copy of the explanation I gave Al Frei of AFS, again it happened the 1st day AFS was on site and my crew did not use good judgment. AFS did not have to make such a big deal out of it by bringing in their lawyer and you from the DRMS.

AFS knows that the DRMS board is going to finally come down on them hard for not playing by the rules, so with this picture they are going to start trying to shift the blame on other people. I can only imagine the story they are going to try and tell the the DRMS board for there disregard for following rules. I'm their uncle and have seen it over the years of using their lawyers and money to fudge on everything they do.

Hopefully the DRMS board can finally teach them a lesson when it comes to playing by the rules.

Thank You

Gary Priola

Cap Land Co.

Al,

Sorry about that, I caught the crew doing it last night. They have been use to dumping up there and did not use common sense. I told everyone to stay to the east out of your way  
As your crews work to do the reclamation. I will meet you at 10 tomorrow.

Thanks

Gary
