Item	Quantity	Description	U/M	Rate	Amount	
Broadcast Applic...	1	Milestone + Esplanade Broadleaf application over the entire 12.8 acres targeting Cheat Grass, Kochia, Field Bindweed, Sweet Yellow Clover, Bull Thistle & Diffuse Knapweed. Chemicals Used Milestone EPA 62719-519 Amine 4 2, 4-D EPA 34704-120 Rifle EPA 34704-861 Flagstaff EPA 81927-61 Esplanade 200 SC 432-1516 Tech see map for details & specific instructions. Price is per application. HG recommends an application every 6-8 weeks throughout the growing season, or as needed. Application will suppress most weeds. We will return later in the season for a repeat treatment when the customer requests an additional application. Due to environmental product characteristics, weed control is NOT guaranteed. Allow 4 hours to dry. Please inspect within 12-15 days for quality control & contact office with concerns immediately. KEEP CHILDREN & PETS OFF UNTIL DRY! Application is applied per product label.	Acre	1,755.00	1,755.00	

Commercial applicators are licensed by the Colorado Department of Agriculture.
Commercial applicators are licensed by the Wyoming Department of Agriculture.
