Re: Ducray Pit #2, File No. M-2019-035 (HC #76312)

Dear Ms. Yeldell:

We received your correspondence dated July 19, 2019 on July 23, 2019 requesting our comment under the State Register of Historic Places Act (CRS 24-80-1 et seq.) for the subject proposed action.

A search of our database indicates that no cultural resource inventory has been conducted within the proposed permit area and no properties of historical significance have been recorded therein. Please note, as most of Colorado has not been inventoried for cultural resources, our files contain incomplete information. Consequently there is the possibility that as yet unidentified cultural resources exist within the proposed permit area. The requirements under CRS 24-80 part 13 apply and must be followed if human remains are discovered during ground disturbing activities.

We thank you for the opportunity to comment. If we may be of further assistance, please contact Mark Tobias, Intergovernmental Services Manager, at (303) 866-4674 or mark.tobias@state.co.us.

Sincerely,

Steve Turner, AIA
