RE: **Need for State Reclamation Permit: "Is It Mining?"**

Name: Larry Stanfel

Mailing Address: 4 Catamount Ln City: Littleton State: CO Zip Code: 80127

Telephone: (303) 239-1042 Cell: (303) 335-2228 7238

Email: PTOAST@yahoo.com

Enclosed are pertinent sections of the Colorado Mined Land Reclamation Board (Board) Rules governing activities that do not require a reclamation permit. To determine if you need a permit for you proposed activity, first check Rule 1.2 which describes activities the Board has determined do not require state reclamation permits. If you find a match, you can proceed based on your interpretation of the rule, but at your own risk. If you are uncertain how the Rule may apply to your activity, you should answer the list of questions below with as much detail as possible. Please feel free to use additional paper, maps, and attachments to explain your project.

Please include in your determination request answers to the following questions:

- Please provide the legal location of the proposed project and submit a site map that clearly delineates the location of the proposed extraction site and the location of the nearest city, town, and county location name.
Section _____; Township _____; Range _____; PM _____ County _____
Or NAD27 GPS X UTM _____ Y UTM _____
Direction and miles to nearest town/city _____ } Mt. Antero
and/or
Mt. White
vicinity
- Is the site of material extraction on public or privately owned property? Public
- What type(s) of material or metal is/are proposed to be extracted and describe the physical nature of the site i.e., river terrace, rocky knob, in-stream gravel deposit, etc.?
General rock-hounding or collecting for mineral specimens (quartz, azurite, etc.)
- What processing or extraction method(s) will be used on site? Include any equipment or chemical(s) that will be used in the processing and extraction of the materials.
Hiking to site. No tools, or small hand tool only (e.g., rock hammer). Day trip only.
- Will the extracted material be hauled offsite or used on the same parcel of property where the material is extracted?
Any collectible specimens taken off site
- How will the extracted material be used on site?
N/A
- If the material is hauled offsite, where will it be hauled to and what is the intended use?
Personal/private collecting. Not sold or commercially used.

8. What is the approximate areal extent of the proposed extraction in acres? *Very small. we would only be looking under rocks above treeline*
9. To what approximate depth will the extraction extend? *less than 10"*
10. In cubic yards, approximately how much material will be removed? *less than 1 cu. yard*
11. Will material extraction involve the use of explosives? *No*
12. Will site of extraction result in the exposure of tributary ground water? *No*
13. Will either the landowner or the mine site operator receive any type of compensation, i.e., monetary, in-kind, haulage fees, etc., from the proposed material extraction? *No*
14. Please supply a copy of any documents that will ensure that the area of extraction will be reclaimed to some beneficial land use once extraction activities have been completed.
N/A - we will restore any terrain that is ~~disturbed~~ disturbed.
15. Do you have permits for this activity from any other governmental agencies such as building, construction, or grading permits, and if so, what are they?
N/A
16. Are there state/federal/local agency participants in terms of funding (yes)-(no), design (yes)-(no). What are the percentages?
No
17. What *post mining* uses will be made of the site of extraction and why?
(This question helps us determine the intent of the activity)
18. What types and sizes of equipment will be used in the extraction? *Small hand tools only (e.g. rockhammer). Nothing will be left on site*

Please send the completed questionnaire to the Division at the address above for review. The Board has directed the Division to make a decision based on the information you have supplied. We trust that the activities will be performed as represented. If we receive a complaint, we are required by law to conduct an inspection of the site. Which could result in a violation, a cease and desist order, and other corrective actions including submittal of a permit application.

If you have any question, please contact Wally Erickson for Eastern Colorado sites at (303)866-3567, ext. 8176, or Russ Means for Western Colorado sites at (303)866-3567, ext. 8185. If you are unsure which area your project lies please feel free to contact either for further guidance and assistance. Please feel free to visit our web site at: www.mining.state.co.us for further access to the full Act and Rules governing extraction of metals, non-metals, and construction materials in the State of Colorado.

Sincerely,

Division of Reclamation, Mining and Safety Staff

Enclosure: Rule 1.2.1 for both Hard Rock Metal Mines and Construction Materials
