**Re: Sunday Mine, Permit No. M-1977-285, Technical Revision Follow Up Report, TR-4**

Dear Mr. Glasier:

On May 1, 2019 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on April 24, 2019, addressing the following:

*The stabilization of the low grade stockpile located on the surface by way of the construction of the 12-18 inch earthen cap over the stockpile.*

The terms of the Technical Revision No. 4 required a follow up XRF surface characterization and final report submission must be completed within 90 days of the Technical Revision approval date. That follow up report was received on August 5, 2019. This notice is to inform you that the follow up report and work related to TR-4 has been reviewed and accepted. The Division would also like commend you for going above and beyond to ensure the quality of work conducted was assured the accuracy of recording the results. If you have any questions, please contact me at the Division's Grand Junction Field Office, by phone at 970-243-6368 or by email at [lucas.west@state.co.us](mailto:lucas.west@state.co.us).

Sincerely,

Lucas J. West
