

Justin

My Husband Earl Flew Back last weekend, had  
 a excavator & operator standing by, while he tried getting  
 access to our mine to move trommel, and fix what someone  
 did to Little Rock Creek, what appeared to be a settling  
~~Dam~~ Pond.

There was two army trucks blocking the gate!  
 He went to Scott's no answer at door, - he left a  
 Note with his cell phone number. He did not receive  
 a phone call. My husband could not find Larry also.  
 Because of this I'm requesting a extension to  
 complete work we need to do  
 until 7-25-2020.

RECEIVED

AUG 16 2019

DIVISION OF RECLAMATION  
MINING AND SAFETY

Sincerely

Earl's Chief George.  
503-753-7880.

also we Lease a patent mine. Emma Load. which I have  
 the same access Road which is blocked. it also has  
 a mill right & cabin we will be staying in cabin and storing  
 the trommel there.
