**Re: Approval of Modification MD-01, Red Cone, File No. P-2014-003**

Dear Mr. Burger:

The Division has completed the review of Modification No. 1 to the Red Cone NOI, File P-2014-003. The modification addresses a change to the previously approved drilling project by revising the drillhole locations, size, depth, and angle. The Division has accepted the additional One Site Prospecting Financial Warranty Check for Deposit in State Treasury, in the amount of \$33,228.00. The total reclamation liability for this site held by the Division is \$39,000.00.

All deficiencies in the Modification No. 1 application have been adequately addressed and the modification is hereby approved.

Please note, the approval of this NOI modification shall not be construed to abrogate the duty of the Prospector to comply with other applicable laws or regulations, including but not limited to all federal, state, or local permits, licenses, or approvals as well as any access agreements, as applicable to the specific operation.
