Dear Mr. Burkey:

On August 29, 2019 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision request (TR-5) submitted on August 27, 2019, addressing the following:

Clarifying overlapping permit boundaries. 27.89 acres overlaps with M-1979-205 Chambers Pit, 0.78 acres overlaps with M-1978-349 Dick Casey Concrete Pit, and 24.43 acres with no overlap.

The terms of the TR-5 approved by the Division are hereby incorporated into Permit No. M-1979-075. All other conditions and requirements of the permit remain in full force and effect.

Please note that the entire 53.10 acres site remains permitted until a formal acreage reduction request is submitted and approved. The request form is attached.
