Annual Fee Payment Replacement Check**

On August 13, 2019, the Division of Reclamation, Mining and Safety (Division) received a check from you for \$324.00. The check was submitted to replace the electronic payment of \$323.00 for the annual fees for the Chartier Pit that was returned due to insufficient funds.

The check that you submitted was for \$324.00; the annual fee for the Chartier Pit is \$323.00, and we are not permitted to accept overpayment of annual fees. I am returning the check you submitted and requesting that you send a check for the correct annual fee amount (\$323.00) no later than September 20, 2019.
