RE: Riverside Parkway, Permit No. M-2007-005, Acreage Reduction (AR-1), Approval

Dear Mr. Timothy:

On May 29, 2019 the Division inspected the above mentioned site as part of its routine monitoring program. Staff felt that a portion of the site complied with the requirements of the Act, Rules and Regulations, and the approved Reclamation Plan. The operator was encouraged to submit an acreage release request and on July 26, 2019 the Division received the request form the operator.

On September 3, 2019, the Colorado Division of Reclamation, Mining and Safety **approved** your request for release of a portion of the permit area from further reclamation responsibility.

The permit was reduced from 14.7 acres to 7.6 acres.

Please note that because the permit is not totally released, you are still liable for filing annual reports and fees and maintaining the financial warranty in good standing.

If you require additional information, or have questions or concerns, please feel free to contact me.
