112(c) Permit Application  
Adequacy Review No. 1 Response  
Decision Date Extension Request*

Dear Ms. Eschberger,

J-2 Contracting Company has received the Division's Adequacy Review No. 1 comments letter dated July 10, 2019. We have addressed the comments and provided responses dated August 26, 2019, however in order to review more time may be needed for you to review those responses and there will likely need to be more time to provide responses back to you for the upcoming Adequacy Review No. 2 comments letter you are currently preparing.

J-2 Contracting Company would like to request an extension to September 30, 2019 to allow some more time for your review, as well as more time to respond to the upcoming comments and provide sufficient time for you to review the associated responses and materials.

Thank you for your consideration of our decision date extension request. Please feel free to contact me with any questions or if you need additional information.

Sincerely,

J.C. York, P.E.
