**Re: J&J Stone Pit #1, Permit No. M-2011-004**  
**Notice of Incomplete Technical Revision Application TR-1**

Mr. Krauth:

On September 20, 2019, the Division of Reclamation, Mining and Safety (DRMS) received a Technical Revision application **TR-1** for the J&J Stone Pit #1 Permit No. **M-2011-004**, submitted by the Pioneer Company. The revision requested addresses the following items:

*Initiate Phase 2 Mining.*

A file review of this permit determined the DRMS has not been provided with any documentation authorizing the Pioneer Company to act on behalf of KrauthCo Inc. If you wish the Pioneer Company to have authorization to act on behalf of KrauthCo Inc, please provide a letter signed by you on KrauthCo letterhead authorizing Pioneer to act on your behalf. Furthermore, the cover letter referenced an "enclosed Request for Technical Revision Cover Sheet". This cover sheet was not included in the application package. Please also provide the DRMS a copy of the referenced cover sheet

Please submit the requested information within 30 days or your Technical Revision application may be denied and need to be re-submitted.

Sincerely,

Timothy A. Cazier, P.E.  
Environmental Protection Specialist
