DIVISION OF RECLAMATION  
MINING AND SAFETY

RE: Colorado DRMS P-2005-015

The Torbyn mine site was reclaimed in 2017.

With 2018 be an extremely drought year for the area no request was made for release.

In August of 2019 I visited the site and found the revegetation to be successful and requested a bond release from the site. It is my understanding that you have a request to visit the site with the DRMS on Wed Oct, 2<sup>nd</sup>. If you have any concerns about the site please call me at 970-417-1239.

Thank you,

Alan Chiles  
President
