***RE: Chambers Gravel Pit, Permit No. M-1979-075, Acreage Reduction (AR-1), Approval***

Dear Mr. Burkey:

On September 6, 2019 the Colorado Division of Reclamation, Mining, and Safety (Division) received your Acreage Reduction Request (AR-1). On August 29, 2019, the Division approved TR-5, which clarified the overlapping permit boundaries of M-1979-075 with M-1979-205 and M-1978-349. This resulted in 28.67 acres being "double permitted". The "double permitted" area has not been reclaimed but will remain permitted under M-1979-205 and M-1978-349.

On October 1, 2019, Division **approved** your acreage reduction request for release of a portion of the permit area from further reclamation responsibility.

The permit was reduced from 53.10 acres to 24.43 acres.

Please note that because the permit is not totally released, you are still liable for filing annual reports and fees and maintaining the financial warranty in good standing.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203.
