***RE: Pitch Project, Permit # M-1977-004 , Notice of Complex Application, AM-1***

Mr. Wykoff:

On July 8, 2019 the Division of Reclamation, Mining and Safety (Division) filed your 112d amendment application (AM-1). Pursuant to Rule 1.4.8 of the *Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for Hard Rock, Metal and Designated Mining Operations (Rules)*, the decision due date for a 112d application shall be set for not more than ninety (90) days from the date the application was considered filed. However, the Division has determined that this application is “Complex”, and that it may require involvement of additional professional staff or outside professional or agency expertise, and that it is beyond what the Division considers to be a typical application review process. The Division is therefore extending the decision due date by an additional sixty (60) days, pursuant to Rule 1.4.1(7), to Friday, December 06, 2019.

The Division will continue to review your application and will contact you if additional information is needed.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dustin Czapla', with a long horizontal flourish extending to the right.
