**Re: Holcim (US) Inc. – Boettcher Limestone Quarry  
Technical Revision No. 10, Adequacy Review Extension  
Request**

Ms. Eschberger,

A response to the Division's Adequacy Review was previously submitted under separate letterhead, but we recognize that the Division may need additional time to review the submittal documentation. Due to the extensive nature of the Division's comments and potential concerns and the time that may be required to review Holcim's submittal, we are formally submitting this request for an extension until December 18, 2019 to the Adequacy Review timeline.

Please contact me at 580.421.2057 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink that reads 'Travis Bennett'.
