Dear Mr. Liesveld,

On December 10, 2018, the Division of Reclamation, Mining and Safety approved your amendment application (AM02) for permit number M-1978-332.

As of the date of this notice, our records indicate that you have not posted the required Financial Warranty in the amount of \$14,800.00 and Performance Warranty for your approved Mined Land Reclamation Board amendment application (AM02), File No. M-1978-332. In accordance with Rule 4.1(2) of the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials, no permit may be issued until the Board or Office receives and approves the Performance and Financial Warranties required herein. If these warranties are not posted by December 10, 2019 (365 days from the date your application was approved), you will be scheduled for a Formal Board Hearing, in accordance with the notification and comment provisions of Rule 1.6, to reconsider the previous application approval. If the Board affirms the original application approval, the Board shall establish a new deadline for submittal of the warranties. If the required warranties are not posted by the date set by the Board, the application shall be denied.
